Dani,

the RI/FS task order (attached) has been issued to the contractor for work plan development. I have prepared an overall project schedule for the site (attached) which will be updated once the work plan has been negotiated and funded by EPA. I am meeting with the contractor at the site on Friday, August 6th, to review locations for the field trailer and equipment yard. After the work plan is funded, we'll start weekly conference calls to review the project status. Let me know if you have any questions. Thanks.
